

With the wall niche, an attractive storage space for cosmetics & co. can be created in existing walls. The wall niche is particularly suitable for bathroom renovations and can be installed in walls made of solid building materials as well as in stud frame constructions.

PROPERTIES

- Quick + easy to install
- Waterproof
- Flexible design options
- Low weight
- High stability

AREAS OF APPLICATION

mounting element as support for niche-shaped storage spaces

SUBSTRATE PREPARATION

The substrate must be in the following condition:

- dry and clean
- stable
- free from grease, cement laitance, separating agents and loose particles

APPLICATION

The assembly instructions for installing the wall niche can be found for download on our homepage www.botament.de in the product area wet and damp room solutions..

base		polystyrene hard foam (FCKW-free), both-sided coated with special mortar and reinforced with glass fiber fabric	
delivery form		niche 20/40 200 x 400 x 100 mm (frame flange 12 mm)	
		niche 30/60 300 x 600 x 100 mm (frame flange 12 mm)	
Storage			

Note: The information contained in this data sheet is based on our experience and is correct to the best of our knowledge. It is, however, not binding. It will need to be adapted to the requirements of the individual structure, to the specific application and to non-standard local conditions. Application-specific conditions must be checked in advance by the planning engineer/specifier and, where different from the standard conditions indicated, will require individual approval. Technical advice provided by MC's specialist consultants does not replace the need for a planning review by the client or its agents in respect of the history of the building or structure. Subject to this prerequisite, we are liable for the correctness of this information within the framework of our terms and conditions of sale and delivery. Recommendations of our employees deviating from the information given in our data sheets are only binding for us if they are confirmed in writing. In all cases, the generally accepted rules and practices reflecting the current state of the art must be observed. The information given in this technical data sheet is valid for the product supplied by the country company listed in the footer. It should be noted that data in other countries may differ. The product data sheets valid for the relevant foreign country must be observed. The latest technical data sheet shall apply to the exclusion of previous, duly superseded versions; the date of issue in the footer must be observed. The latest version is available from us on request or may be downloaded from our website. [2200009181]
